Women & Gender Constituency

About the Constituency

The Women and Gender Constituency (WGC) is one of the nine stakeholder groups of the United Nations Framework Convention on Climate Change (UNFCCC).

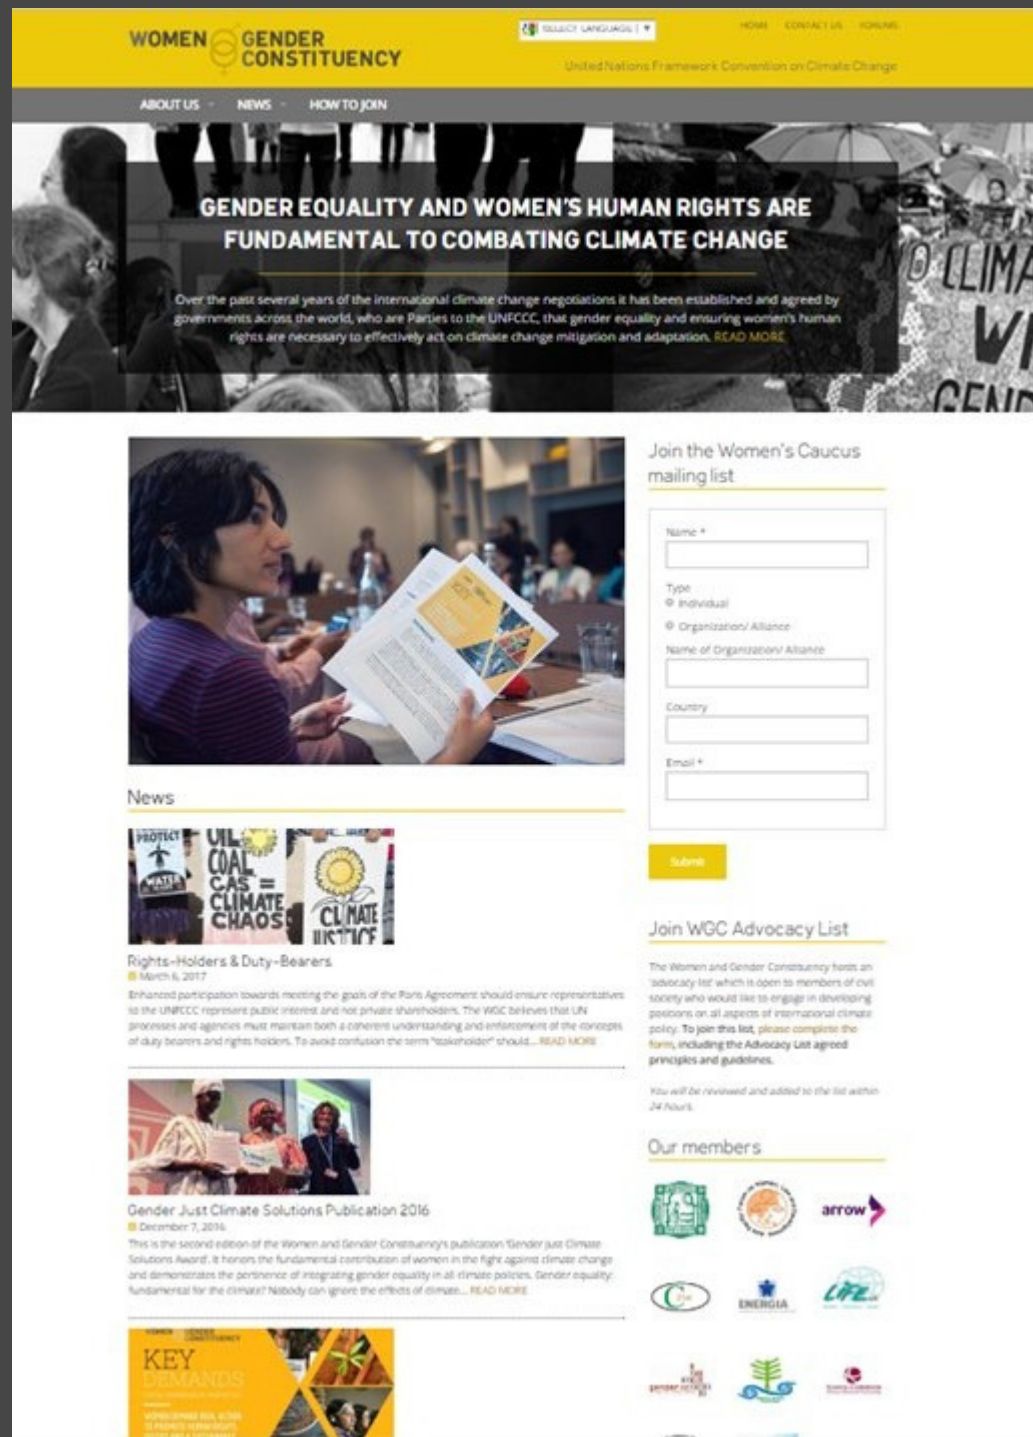

Established in 2009 and granted full constituency status in 2011, the WGC consists of 27 women's and environmental civil society organizations, who are working together to ensure that women's voices are heard and their rights prioritized in the fight against climate change. The Women and Gender Constituency, consisting of a broad variety of national and regional network organizations, represents hundreds and thousands of people across the globe, with advocates from over 60 countries.

The information in this events calendar includes key events on gender from WGC members as well as allies in our broader WGC Advocacy Network.

LISTS & CONTACTS

WGC Advocacy List

The Women and Gender Constituency hosts an 'advocacy list' which is open to members of civil society who would like to engage in developing positions on all aspects of international climate policy. Email bridget@wedo.org to join the Advocacy List.

Women & Gender Caucus List

While the Constituency is for civil society members, and the Advocacy team is for those actively engaged in climate change policy, the Constituency has established and hosts a Women's Caucus and respective mailing list. The Caucus is a space for all those interested in women's human rights and gender equality to network, share and collectively advocate. This list may be joined through signing up on the homepage of our website. Women's Caucus meetings are organized during the official meeting time for the Women and Gender Constituency at each meeting and intersessional of the UNFCCC.

Friday, 3 November, 15:45-16:15, COY13, Host: GenderCC

MARCH

Climate March – 4 Nov

☀️ **JOIN the FEMINIST BLOC!!**

The feminist bloc will be lead by a broad coalition of non-governmental organisations from the Women and Gender Constituency to the UNFCCC and local queer-feminist initiatives. We welcome feminists of all genders and all parts of the world to join us to make our voices and demands for climate justice heard in a colourful and cheerful protest! **We will meet directly on the left side of the main stage that will be standing on Münsterplatz that day, where the march will start. I assume the stage cannot be missed and we can get together on its left side (facing the stage) at noon (12pm).**

Women Leading Solutions on the Frontlines of Climate Change Social Movement Event

Monday November 13th, 2017 from 13:00 – 18:00, AMERON Hotel Königshof

Join the Women's Earth and Climate Action Network (WECAN) International on November 13th, 2017 for 'Women Leading Solutions on the Frontlines of Climate Change – Bonn', an extraordinary gathering with worldwide women leaders joined in solidarity to speak out against environmental and social injustice, draw attention to root causes of the climate crisis, and present the diverse array of visions and strategies with which they are working to shape a healthy and equitable world. This public event is organized with the conviction that real forward movement towards climate justice depends on the full and equal participation of women in all stages of decision making and implementation, and that real change will come from women mobilizing and taking action at the local, national, and international level.

Women have always been on the frontlines, now it is time for them to be at the forefront.

How can gender responsive climate action lead to resilient communities?

Saturday, 11 November, 11.30–13.00, Grand Event Theatre, at D&C Days

Hosted by MRF-CJ, IDRC, GFDRR, WEDO and IFAD, the discussion will unpack gender responsive climate action, which includes enabling the meaningful participation of women, and bring out examples of where this has benefitted not just women but the wider community. Thereby increasing the individual, household and community resilience.

Global ambition.

Local action.

Climate resilience for all.
